PATENT COPPER-WIRE CORD.
Manufactured, throughout Great-Britain, - BY A. KNEWALL & Co.'s PATENT IMPROVED CORD WIRE CORD for Winding
Mach Lincs. Hoisting-machines, Lighthouse Perforators, Mangling Presses,
Cord (and) various other purposes, for which their rope is
superior to every other. That rope is made of the best
materials, and the wire is of the best steel, and is constantly recommended
all builders and other parties concerned with the above. Specimens
of the Wire Cord may be seen at the office of the Patentees, No. 1
Fenchurch Street, London: W. T. ALLEN, Agent.
